Holiday Office Vacation during work

For anyone:

- ◆ ...who loves to combine both work and traveling.
- ◆ ... for whom working outside the office is a possible and preferred option, as long as the place is beautiful, quiet and inspiring.
- ◆ ... who finds inspiration while they are together with their family, friends and colleagues.
- ◆ ... who loves to recharge themselves from time to time at the sea or in the mountain but at the same time doesn't want to fall behind with their current work projects.
- ◆ ... who has used up all of their paid leave and this year's vacation seems impossible.

AND FOR THOSE, for whom the summer vacation is being postponed for next year, because of running behind with their work schedule and accumulated tasks.

Change your "Home Office" temporarily and turn it into "Holiday Office"!

Alongside with this, you can do sports, relax, enjoy delicious meals, visit some tourist attractions and recharge with pure nature and air.

All you need is a laptop. We will take care of the rest.

In order for your day to be successful, start it with a toning workout in the gym or swimming some lengths in the pool and drink a cup of hot coffee and a healthy fresh juice!

Once you've gotten into shape, you can design your office space your way, so that you can feel comfortable!

With us, you can work wherever you want: on the desk, on the beach, while lying on a sunbed, by the pool, on the terrace, and even in bed.

At the end of your fruitful work day, you deserve an appropriate rest, so don't hesitate to relax and pamper yourself in our SPA centre before dinner.
