

FDES

DÉCLARATION ENVIRONNEMENTALE ET SANITAIRE

WHAT

FDES is an environmental and health declaration for construction products

The declaration is based on a Life Cycle Assessment (LCA) study, which evaluates the product's impact throughout its entire life cycle. Additionally, it provides valuable insights into the potential indoor micro-pollution resulting from the use of the product in question

WHEN

January 1st, 2022

As January 1st, 2022, it has been a compulsory requirement (only in France) for the sale of products in order to develop Green and Healthy Buildings

WHO

Manufacturers of building materials who sell their products in France
