@AYA ESTATE, HARSOVO VILLAGE, BULGARIA

MATERIA MENSA × AYA ESTATE

SOIL TO SOUL

The Matter of Wine.

An evening that will change the way you experience wine.

Before wine touches your lips, it has already reached all your other senses.

Can the vessel itself change the way a wine tastes?

On 12 September, we invite you to discover the answer for yourself.

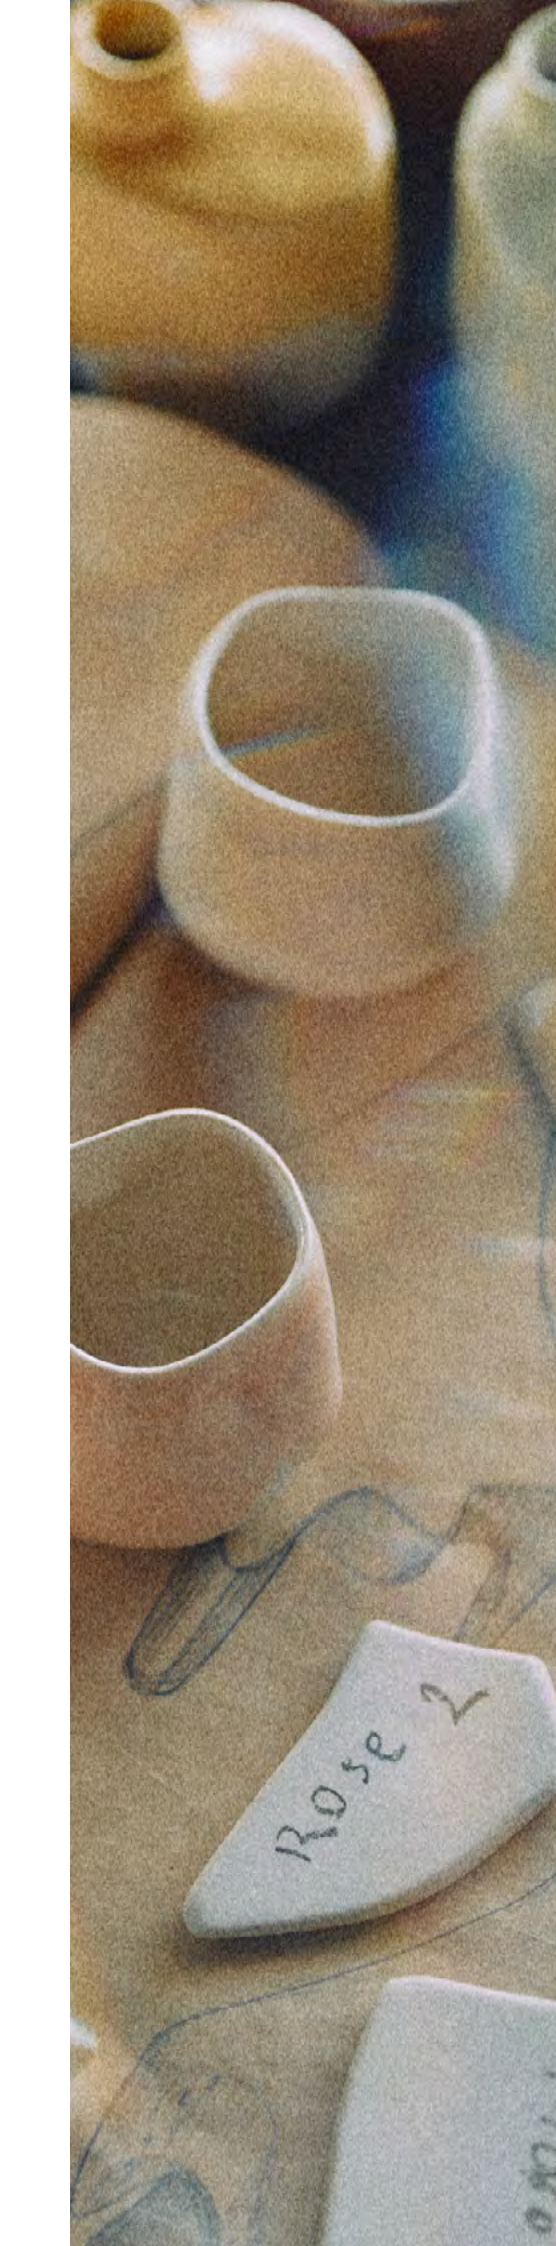

The fourth edition of Materia Mensa brings together wine, art, design, and science in an extraordinary experience that challenges everything we think we know about taste.

Guests will taste five wines, including four from the first vintage produced at the winery: AYANO Viognier, Marsanne & Roussanne, Limited Estate Collection Chardonnay Zen, AYANO Rosé, Limited Estate Collection Grenache Bouquet, as well as the special AYA Melnik – Old Vintage Collection.

The highlight of the experience are the last four, each served in bespoke ceramic vessels created by Pottery & Poetry specifically for each wine. Guests will discover how shape, texture, and touch can transform the perception of the very same wine.

Programme:

- Welcome reception with a glass of wine and signature bites, thoughtfully created to awaken the senses for the journey ahead.
- Exclusive premiere of the film Soil to Soul – From the Earth to the Wine.
- The unveiling of the Materia Mensa Collection. For the first time, you will have the opportunity to experience up close the bespoke vessels created exclusively for the project, with privileged early access to purchase them.
- A five-course tasting menu, created exclusively for this evening by Amor y Sal.

MATERIA MENSA × AYA ESTATE

SOIL TO SOUL

The menu has been conceived as a sensory journey through time—a meeting point between the ancient traditions of the Thracian lands and the contemporary winemaking philosophy of AYA Estate. Regional ingredients, wild harvests, seasonal flavours and modern culinary techniques come together to tell the story of the Melnik region in an entirely new way.

At the heart of this culinary journey is the fig—the first cultivated fruit in human history and the delicate thread that connects the flavours of the entire evening.

Each course will be accompanied by an original musical composition created exclusively for Materia Mensa. Taste, sound, light and aroma will intertwine in a multisensory experience, with every element flowing naturally into the next.

As the evening draws to a close, we will invite you to continue the experience beneath the open sky, where one final surprise awaits, together with a commemorative gift and the opportunity to take a piece of Materia Mensa home with you.
